$50 For New Fire Truck

Jaycees of Appomattox have given $50 through their president Floyd Williams (left) to Lloyd Richardson, Pamplin fireman (right) to help raise $12,500 for a new fire truck. Jaycees use funds from projects such as RADIO DAY to help out with community causes. They say "thanks" to the people of Appomattox and of course, the firemen and other good folks of Pamplin say "thanks a lot, too!" Anyone can get in on the action! Just mail those dollars to Fireman treasurer Stuart Farrar or hand your gift in to your nearest Pamplin fireman friend. Each contribution helps to send the fire truck up the hill to $$$Success!

Progress Reported In Formulating 1972 Wheat Program

Provisions of the 1972 voluntary wheat program will be announced as early as possible so that producers of winter wheat will have time to plan their farming operations, according to officials of the U. S. Department of Agriculture.

"The 1972 national domestic wheat allotment of 19.7 million acres, the same as last year, has already been announced and individual farm domestic allotments are now being figured," said J. P. Alvis, Jr. Chairman of the Appomattox County Agricultural Stabilization and Conservation (ASC) Committee.

In order to plan their operations, wheat producers also will want to know the level of set-aside acreage for 1972, whether additional diversion will be included, whether barley will be included in next year's feed grain program, whether substitution between wheat and feed grains will be permitted, what will be the loan level for wheat, and other decisions which the Agricultural Act of 1970 delegates to the Secretary of Agriculture.

"Agriculture Secretary Clifford M. Hardin makes these decisions," Mr. Alvis said, "But before he does, he gathers the best available data and informed advise. For instance, the National Acvisory Committee on Grains for Wheat, Feed Grain and Soybeans met recently in Washington, D.C. to discuss and advise on the wheat and feed grain situations and provisions of the 1972 wheat program.

"The Secretary has also requested statistics, projections and recommendations on wheat from several agencies in the Department of Agriculture, including ASCS, which administers the wheat set-aside program. ASCS called in a group of State ASC Committeemen—all farmers—from the major wheat states to get recommendations on the 1972 wheat provisions.

"And I'm sure that Secretary Hardin is also hearing from – and listening to –farm groups and individual farmers on the subject. No decisions will be made without careful consideration of all the factors."

The time factor is recognized as very important, Appomattox County ASC Committee Chairman Alvis said and assured wheat growers that information on the 1972 program will be released as soon as possible after program decisions are made.

Snow In July?

Snow in July? In Appomattox? Only if you happen to have a photo, old or new, of a scene of a deep snowfall. This vintage shot is of the Appomattox Depot somewhere in the 1917-1922 era. Notice, no snow removers – (there weren't many cars) and travelers going to and fro up over the railroad tracks on South Church Street left a pathway (far right) to the Old Purdom and Caldwell store which later became a barber shop and is now being dismantled. In the background, the bank and various stores on Main Street. The wooden depot burned in the spring of 1923 and was replaced by the present structure.

Boy With Kidney Disease Lives On

Little David Wayne Bryant is an 11 year old from Appomattox, Va., with a rare kidney disease since the age of two. Doctors had told his parents several times he would not live to see another day. However, with strong determination, David continues to live a normal life, with only a five to ten cent kidney function.

Recently David Wayne Bryant paid a visit to the Gulfportarea to spend the summer with his aunt, Mrs. Mildred Hammock, a secretary at 20th NCR and wife of BUI W. D. Hammock, MCB-62.

While on vacation, David came aboard the Center, where he was escorted by EO1 Boston, CTU.

The Seabees are not new to David. He has a grandfather and three uncles who are Seebees, among them BU1 E. J. Cain of MCB-74.

Not long ago Captain Hill made David an honorary Seabee.

David is still under treatment and has been in the hospital 26 times. He once spent 57 day s at the Virginia Baptist Hospital.

At present, he receives treatment at Duke University Hospital, and the University of Virginia, at Charlottesville, Va. He hopes to return to the coast next year for another visit with the Seabees.

Appomattox FHA Office Reports Record Year Of Rural Housing

The Appomattox Office, serving Appomattox and Campbell Counties, has just enjoyed a record year of homebuilding and home improvement through credit services of the Farmers Home Administration, the agency's County Supervisor, Raymond H. Parker, said today.

Mr. Parker reported that 100 loans, totaling $1,202,610 for better town and country housing were approved during fiscal year ended June 30. The loans provided better housing for an estimated 600 people in Appomattox and Campbell Counties. Rural housing loans approved the previous year totaled 57 for $594,260.

Mr. Parker added that the year begun July 1 appears certain to topple the record set in fiscal 1971. The agency is geared to virtually double its housing services again in this year. The key to the program's rapid growth is a new position of equality for rural America in the nation's housing goal. Rural areas have half of the nation's total housing, and they have half of the nation's housing goal for 1972. We expect the sharp uptrend in rural housing to continue. In the Farmers Home Administration, we fully expect to do our part in bringing rural housing up to modern standards for every family.

Mr. Parker said, "Progress in rural housing has been speeded up through new authorizations, put into effect by Farmers Home, a Department of Agriculture agency, earlier this year. We now make loans to rural homesite development organizations, and we work with rural builders to assure that homes they build on a multiple basis will meet quality standards for Farmers Home loan insurance.

The County Supervisor asserted that the rural housing program is "one of the main channels pouring private capital into rural community progress." If a loan cannot be covered by a local lending institution, Farmers Home advances the loan from a revolving fund, then finds an investo elsewhere to take over the government-insured loan note. Farmers Home Administration insured loans serve families or organizations unable to secure home financing through other sources. Eligibility covers people of low and moderate income, including senior citizens, in rural towns or not more than 10,000 people, plus farm and nonfarm residents of the countryside.

Loans are made in Appomattox and Campbell Counties through the Farmers Home Administration office in the 100 Court Building, Appomattox, Virginia. The office is open Monday through Friday from 8:00 A.M. to 4:30 P.M. The telephone number is 352-7743. Mrs. Cynthia K. Massie is the County Office Clerk. Mr. Parker also has a part-time office in the conference room of the Library/Agriculture Building in Rustburg, Virginia on Mondays from 9:00 to 11:00 A.M. He may be reached by telephone at that time by calling 332-5161, extension 17.

In closing, Mr. Parker said, "I believe that by providing new life and stability into rural communities by increasing the county tax base, stemming the flow of rural people to towns, easing the urban population crisis, and raising the hopes and dignity of man because he now owns a piece of his county and is contributing to her growth."

Will Enter State Contest

Teresa Cyrus "Miss Dixie Youth" of Appomattox – 1971 (above, being crowned by Cindy Harris, last year's winner) was introduced before the first game of the District Six Dixie Youth Tournament held at Brookneal on Monday evening. Her escort was Mitchell Eggleston. Monday evening's appearance was not in the nature of competition, but simply an introduction of the Miss Dixie Youth winners from Appomattox, Brookneal, Rustburg and Charlotte County. (By the way, Appomattox won 3-1 against Rustburg!) Teresa's next official appearance will be on Thurs., July 29 at Blackstone during competition for the title of Miss Dixie Youth of Virginia. Appomattox' last winner of the state title was Patty Sue Kerr, daughter of Mr. and Mrs. Warren Scruggs. Teresa is the daughter of Mr. and Mrs. Harry Cyrus. Cindy Harris, daughter of Mr. and Mrs. Rob Harris of Oakville was first runner-up for the state title last summer.

Note Received From Mrs, Winters
